Professional Summary

Senior WordPress Developer with 3+ years of specialized experience, backed by a full-stack development background in Java, PHP, and Laravel. Started my career as a Full Stack Java Developer and later expanded into WordPress, Shopify, PHP, and Laravel at Sweans Technologies. Currently working with Horizon HR Consultants in collaboration with UAE-based startup Crozio, independently handling complete website development, including design, development, SEO, security, performance, multilingual/RTL implementation, debugging, and deployment. Have independently delivered 15+ websites and continue to grow as a Senior WordPress Developer.
